No.TF-27/2

Dated: 19/1/10

The Director (HRD),
BSNL,
New Delhi

Subject: Reg immediate intervention to stop unwanted and illegal construction causing damage and loss to BSNL at Pathankot.

Sir,

A big shed is being constructed in front of Pathankot Telephone exchange to damage the elevation of building and to destroy the beautiful garden. The construction is without any justified requirement and architectural approval. Moreover the entry point and the building make up of exchange is such that in case of emergency such as fire etc, the relief for fire brigade can not enter because of proposed shed. It is reported that the proposed shed is being constructed for parking of vehicles of contractor during night hours whereas according to the provisions parking of private vehicles during night hours in exchange premises is not permissible.

It is totally misuse of funds which involves corruption. BSNL is already under serious financial crisis. Such acts shall make the BSNL more financially sick.

We request your immediate intervention in the matter.

Thanking you,

Yours faithfully,

(N. T. Sajwani)

Secretary General
